

Classmate PC®

# SLIDES201t

**SLIDES201t** is a 2 in 1 device designed to offer students a flexible learning tool they can carry anywhere. It swiftly goes from laptop to tablet enabling a more personalized and engaging learning experience to suit each student while promoting a more collaborative environment in the classroom.

**2 solutions  
1 device**

 Windows 10

## Purpose-built for Education

SLIDE S201t brings the benefits of mobility to the front of the classroom. The simplified docking connector through magnet enables an easy transition between tablet, stand, tent and laptop modes. The touch screen offers new and more intuitive ways of working and the included fine tip stylus pen allows to easily perform assignments that require more precision.

## Light but rugged

Featuring a light but semi-rugged design built with resistant materials, SLIDE S201t is prepared to handle student use inside and outside of the classroom. Tablet and docking station are resistant to drops up to 70cm and protected against dust and liquids ingress (IP52 certified), offering more protection, extending the device's lifespan and reducing the TCO (Total Cost of Ownership).

## Preloaded with the Inspiring Knowledge Education Software for Students – ikES.Student

The Student bundle enhances the software offer by shaping a learning ecosystem rooted in the S.T.E.A.M. approach, aiming to support students in the 21<sup>st</sup> century skills development not only by providing a wider range of S.T.E.A.M. softwares but also by cutting down the costs of each standalone software. Together with its Education Reference Design features, the ikES.Student enhances hardware features like the Microlens or the Thermal Probe granting an even more innovative learning experience, engaging students to accomplish more.

## Product Specifications

**OS** • Windows 10 Pro

**CPU** • Intel® Atom™ x5-Z8350

**Memory** • 4GB LPDDR3

**Storage** • 64GB eMMC

**Display** • 10,1" IPS 800 x 1280; 5-point touch; 300 nits

**I/O** • 1x Micro USB 2.0 (Type-B); 1x MicroSD card reader; 1x Audio combo jack; 1x Micro HDMI

**Speaker** • 2x0.7W frontal built-in Stereo Speakers

**Sensors** • G-Sensor (Accelerometer); Gyroscope; e-Compass; Ambient light sensor; Thermal Probe sensor

**Security** • fTPM 2.0

**Connectivity** • WiFi 802.11 ac Dual Band with BT 4.0 + EDR

**Camera** • Front 2.0MP; Rear 2.0MP

**Battery** • 6300 mAh, +10h battery life<sup>(1)</sup>

**Ruggedness** • 70cm drop; IP52

**Weight** • Tablet: 795g; Dock: 545g

**Dimensions** • Tablet: 275.5 x 180.8 x 12.3 mm; Dock: 278.9 x 193.8 x 23.15 mm

**Accessories** • Capacitive Stylus Pen; Microlens; Thermal Probe; USB cable; Dock/ Keyboard

(1) Results are based on test under controlled conditions using the TabletMark® battery life benchmark (Basic product configuration, brightness 50%, WiFi & BT - ON ). Battery Life depends on numerous factors including product configuration and usage, screen brightness, operating conditions, wireless functionality, power management settings and other factors. The maximum capacity of the battery will naturally decrease with time and usage.
